FIRST CLASS MAIL ENVELOPES BORDERED WITH GREEN DIAMONDS

This is one of the most popular, large imprinted envelopes used by our business customers. For immediate First Class Mail identification. Imprinted corner copy with your name, address, city, state and zip code number in our standard type, plus "First Class Mail." Make sure your reports and other important papers get the FIRST CLASS TREATMENT they deserve. AND to get the prestige YOU deserve, the envelopes will be imprinted with your return address in the upper left corner.

New, Lower **3M FLEXIBLE DISC** Prices: Buy 10 or more discs at the "80 plus" price.

The "Scotch" Disc recording medium has a special formulation of oxides and polymers specifically developed to withstand the repeated wear a disc is subjected to in most strenuous applications. Surface smoothness is 1.5 microinches, or twice as smooth as the industry standard. This means better head-to-disc contact for uniform signal output. Low modulation, increased durability and low abrasivity all combine to provide reliable performance and longer life.

ASH Values on **DATA CARTRIDGES** by **3M** PRICED FAR LESS THAN THE "QUANTITY PRICE"

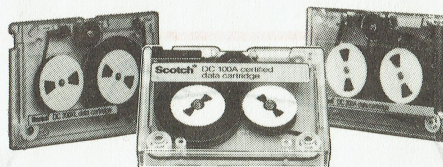

The unique design of 3M data cartridges provides reliability, high storage capacity and long tape life. All cartridges feature the highest quality computer tape and precision components for your protection. They are compatible with most cartridge systems. Each cartridge features:

- Bi-directional tape movement
- Rapid tape advance - from 0 to 90 inches per second
- Withstands temperature and humidity differences
- Tremendous data storage capacity - up to 67M bytes

The listing below will help you determine which cartridge should be used for your system:

SYSTEM	Data Cartridge
IBM 5100/5110	DC300A/DC300XL
NBI OASYS 64	DC300XL
NEC 5110-001	DC300XL
TeleVideo TS816	DC300A/DC300XL
Texas Instruments 770	DC100A
DS990 Model 4	DC300XL
Wang OIS 2229	DC300XL
OIS 6529	DC300XL

If your system is not listed, please write or call ASH.

PUSH BUTTON LOCK POST BINDERS

Your letters asked for this type binder—and here it is. Neat, quick-acting, positive locking top... the most efficient locking device ever developed. This binder automatically and positively locks in any desired position on the post and will not loosen until the locking mechanism is released. It well deserves the name "Bulldog." These black, imitation leather binders have exceptionally strong steel tubes and hinge lugs which are formed from one continuous piece of steel.
